No*Not quite
clear:-*

the issue of the order of 1901 (Flag 4) is said to be
mistaken and it is not clear whether the concession
afforded there was based on the recognition of
any general principle relating to the formation
of claims not extensions in say 3^d order. From
the nature of the request made in para 5 of the p.w.
disposal, it is to be inferred that the said 3^d order
can lay no general claim to the reversion from
the sites sold in new extensions. This is as it
should be. In the case of Bangalore Extensions
sites values are credited to Govt, the land sold
evidently belonging to Govt. But for the formation
of the Basavanagudi and Malleswaram
Extensions advances were made from state
funds. Whether these amounts were fully recovered
or not it is not clear. It would perhaps be
a fair arrangement if the same were recovered
over and above the cost of laying out new
Extensions are credited to Govt, it being made
clear however that in case the cost of laying out
an Extension should exceed the amount received
from sale of sites, no advance would be made
from state funds.

The said 3^d has sufficient income and is request-
ing to submit be dealt with on the above lines

A certain sum of money was placed at the disposal of the Exec. Engr. Sanjay Bion for laying out the town of Robertsonpet, expenditure on which account did not however exceed the advance. Subsequently the sites in this newly laid out area were sold & a sum of money exceeding the sum actually spent was realised. The Sanjay Board claim the balance after adjustment of the balance, and there seems to be a feeling that this is not justifiable & that the balance shd go to the credit of State funds. Per contra, w. the State funds

have been debited with the difference if the Sale Realisations has been less than the sum actually spent? Presumably not. In all such cases it seems to me that the Local Body should take the risk & not the State, unless & until there is an special understanding to the contrary, & which understanding has been come to in the first instance alone. In the present instance the amount placed at the disposal of the Exe. Engr. Sangram would appear to have been ^{in the nature of} an advance and I am not aware of any reason why it should not be treated as such & adjustment of account made accordingly, the Local Body being given the benefit of the credit balance. As remarked by M. S. P. Singh the amount may be exp. marked for the improvement of the locality.

may include
lands. These lands do not seem to
have been taken into account for
the purpose of calculating the probable
assessment on the unassessed area.

Information for regarding the amount
for which ^{the assessment} it might have been compounded
^{has also been} not furnished.

Subd.

~~for 11/11/1939~~ ~~but for~~

6/3/1939) Cannot the R. & R. say approximately
the amount for which the assessment could be
compounded in the case of the information now
available in this file. This may be done.

To L.R. Section)

MK
6/3

10) Under rule 58 of L.R. Rules the amount
of fine leviable for conversion of agri-
cultural land for other purposes is
upto 25 times the ass't or Rs 200 an acre the maxi-

imum.
Under rule 59, however, the amount
of such fine in some particular localities
(of which Robertsonpet is also one) is
from Rs 500 to 1000 Rs per acre. (vide
Schedule 4, page 21 L.R. Rules). It is
not clear however whether the lands
in the particular case ^{are} within one mile
from the ~~Rail way station~~ or within the
^{Revenue Survey} defined boundaries, in which case
alone the fine will be leviable under
rule 59 in the present case.

Serial
No.

41) The total extent of land in the present case is said to be 559 acres 14 guntas - say 560 acres. and the total assessment Rs 760-8-0 (on both the assessed & the unassessed portions).

If the case falls under rule 58 the compounding amount (i.e. the ^{maximum} fine) leviable will be Rs 19000 the ~~maximum~~ which amounts to 2.5 times the

assd. If however Rule 59 applies in this case, a sum between 2,80,000 (560 x 500) and 5,60,000 (560 x 1000) will be leviable.

in Council again.

2nd member
of Dewan,

MX
19.3

Under Section 50 (2) of the Munl. Regulation lands can be transferred by -- Govt. or by private individuals to Munl. Councils for local purposes and lands -- so transferred are vested and belong^{ed} to the Munl. Council. Such lands are to be held and applied by the Munl. Councils as trustees for Munl. purposes.

2. The constitution of the Kolar Field^{Gold} Sany. Bd. is regulated by the rules --- framed by Govt. under Sections 34 and 35 of the Mysore Mines Regn. IV of 1906.

The Sany. Board may under Section 35 of - the said Regulation be invested with -- power ~~to~~ to prescribe bye-laws and levy - taxes, rates and cesses within the area - of the Board just as a Munl. Council -- could levy under the Munl. Regulation. The status of the Sany. Board corresponds more or less to that of minor Municipal Councils under the Munl. Regulation.

3. The Mines Regulation does not contemplate the transfer of proprietary -- rights over lands and buildings to the Sany. Board. In this respect the Board is to act under the instructions of Govt. and it stands in the relation of an agent of Govt. in these matters. The Board has out of the funds placed at their disposal constructed buildings and acquired other properties which are in ~~their~~ possession. There is nothing to conclude ^{from} in the Regn. that such properties are ^{absolutely} owned by the -- Board, ~~as proprietors~~. Govt. are competent to direct how the~~se~~ properties are run.

at --

at the credit of the Board should be disposed of, subject to the provisions of the Mines Regulation.

4. The Sany. Board is, in the accounts of Govt. treated on a par with Distt. Boards. From this, it may be inferred that the funds of the Board and the properties acquired and maintained out of those funds are not to be treated as Govt. properties. Though the Govt. exercised full powers over the disposal of these funds subject to the provisions of the Mines Regulation, Govt. ^{do not} ~~have no intention to~~ consider these funds as belonging ~~absolutely~~ to themselves. →

A question of principle is involved in this & I invite attention to my minutes of 30.6.18 & the remarks of the (then) Secy. thereon. I adhere to the view expressed by me already. It seems to me that what has been advanced by Govt. shd be first reconferred & after this account is adopted, the Local Board shd be responsible for ~~being~~ all expenditure. The receipts in account being also placed to credit. I do not think that any other method of dealing with such cases wd be equally satisfactory. Of course it is always open to the Govt. to come to the aid of ^{local} Bds in such matters & to make grants provided the same is justified & funds permit.

Reg. No. 6586

Final Note by the Second Member of Council.

Subject:-

Question of crediting the sale proceeds of the sites at Robertsonpet to the funds of the Kolar Gold Fields Sanitary Board

These papers relate to a reference made by the President of the Kolar Gold Fields Sanitary Board in the year 1917 in the matter of credit being given to the funds of the Board of the sale proceeds of vacant building sites in Robertsonpet Town.

2. Under Government Order, No. Pg. 829-33 dated 11th January 1901, a sum of Rs. 21,500/- was advanced to the Superintending Engineer, Sanitary Works, for works in connection with the laying out of the new town (Robertsonpet) and allotment of sites for the same, subject to the adjustment of the advance from the sale proceeds of sites. A sum of Rs. 28,336-7-9 is reported to have been realized by the end of October 1903, by the sale of 244 sites in Robertsonpet so that the advance of Rs. 21,500/- placed at the disposal of the Superintending Engineer appears to have already been recouped, leaving a balance of

Sale Proceeds of sites	Rs. 28,336-7-9.
Expenditure incurred	" 20,107-5-5.

	Rs. 8,229-2-4,
	which the Sanitary Board considers

Balance.	Rs. 8,229-2-4.
----------	----------------

should, legitimately, go to the funds of the Board. The reference from the President of the Kolar Gold Fields Sanitary Board involves a question of policy - if not of principle - and requires careful consideration. When the papers came up before me in June 1918, I recorded the following minute:-

"A certain sum of money was placed at the disposal of the Executive Engineer, Sanitary Division, for laying out the town of Robertsonpet, expenditure on which account did not, however, exceed the advance. Subsequently, the sites in this newly laid out area were sold and a sum of money exceeding the sum actually spent was realised. The Sanitary Board claim the balance after adjustment of the balance, but

Pages 9 & 10
of office notes

Recd

but there seems to be a feeling that this is not justifiable and that the balance should go to the credit of State Funds. Per contra would the State Funds have been debited with the difference if the sale realizations had been less than the sum actually spent? Presumably not. In all such cases, it seems to me, that it is the Local Body that should take the risk and not the State, unless and until there is a special understanding to the contrary, and which understanding has been come to in the first instance alone. In the present instance, the amount placed at the disposal of the Executive Engineer, Sanitary Division, would appear to have been in the nature of an advance, and I am not aware of any reason why it should not be treated as such and adjustment of account made accordingly, the Local Body being given the benefit of the credit Balance. As remarked by Mr. Banerji the amount may be ear-marked for the improvement of the locality."

3. The case was then discussed in Council on 1st August 1918, as a result of which, information on certain points, such as details of expenditure incurred by Government, area of land included in the Extension etc., was desired to be called for. The same having been
Page 11 of office note & U furnished, the main question now remains to be decided.

4. The Dewan is of opinion that the request of the Board to credit the sale proceeds of the sites to their funds cannot be complied with and agrees to the draft placed on the file.
Page 32 of do

5. The papers have been circulated to the other Members of Council who have offered no remarks
Page 35 of do

6. I adhere to the view already expressed in my minute of 30th June 1918, Supra, as it seems to me that what has been advanced by Government should be treated as such and first recouped, and that after this account is fully adjusted, the Local Board (Sanitary Board should be responsible for all expenditure. the receipts on account being also placed to its credit. I do not think that any other method of dealing with such cases will be equally satisfactory. Of course, it is always open to the Government to come to the aid of Local Boards in such matters and to make grants to them, provided the same is justified and funds permit.

7. The case is submitted for the gracious orders of His Highness.

19th April 1921.

S. Raghavachari

LB 62-17-1
B. Venkoba Rao, Esq., B.A.,

President, Sanitary Board,

Kolar Gold Field.

Office of the President,

Sanitary Board, Kolar Gold Field,

Dated Champion Reefs, 21st August 1917.

To

B. Ramaswamia, Esq., B.A., B.L.,

Secretary to the Government of His Highness

the Maharaja of Mysore, Revenue Department,

B a n g a l o r e.

Sir,

In submitting herewith a copy of the Sanitary Board's Resolution No. 25 passed at their meeting held on the 22nd June 19 in the matter of credit being given to the funds of the Board of the sale proceeds of vacant building sites sold in Robertsonpet town, I have the honour to state as follows:--

2. As per Government Order No. P.G. 829-33 dated the 11th January 1901, a sum of Rs. 21500/- was advanced to the Superintending Engineer, Sanitary works for works in connection with the laying out of the new Town (Robertsonpet) and allotment of sites for the same, subject to the adjustment of the advance from the sale proceeds of sites.

3. It is seen from a letter of the 21st November 1903 addressed to the Deputy Commissioner, by the Assistant Special Settlement Officer, Bethamangala, that a sum of Rs. 28336-7-9 was realized by the sale of 244 sites in Robertsonpet, by the end of October 1903, so that the advance of Rs. 21500/- placed at the disposal of the Superintending Engineer, Sanitary works, as per Government Order of January 1901, appears to have already been recouped.

4. The value of sites in Robertsonpet Town has since risen considerably on account of the manifold activities of the Sanitary Board (such as looking after sanitation, establishing and supporting hospitals, maintaining roads, providing water-supply and electric

2.

lights, construction of a market, a public hall and other useful institutions). As the advance amount has already been recouped and the several improvements to the Town enumerated above have been carried out at great cost by the Board, it is but right that the sale proceeds of sites in the said Town should legitimately go to the funds of the Sanitary Board.

5. The matter was brought up at the last meeting of the Sanitary Board on the 22nd June 1917 and the Board were of opinion that the sale proceeds of sites hereafter to be sold in the said Town, and of the sale proceeds already realized in excess of the advance of Rs. 21500/- sanctioned in the Government Order quoted in para 2 supra, should in fairness be credited to the funds of the Sanitary Board.

6. I have, therefore, the honour to request that the Board's recommendation may kindly be approved, and sanction of Government obtained for crediting the said amounts to the funds of the Sanitary Board.

I have the honour to be.

Sir,

Your most obedient servant,

W. K. K. Masam Rao

For President,

Sanitary Board, K.G.F.

W. K. K. Masam Rao

Kolar Gold Field.

Extract from the Proceedings of the sixth ordinary meeting of the Kolar Gold Field Sanitary Board held on Friday the 22nd June 1917, at 4 P.M., in the Sanitary Board Office at Champion Reefs.

25. Question of crediting to the funds of the Sanitary Board, the sale proceeds of sites sold in Robertsonpet Town, as it is a legitimate item of credit to the funds of the Board.

Resolved that recommendation be made and orders of Government obtained for giving credit, to the funds of the Sanitary Board, of the sale proceeds of sites hereafter to be sold in Robertsonpet Town and of the sale proceeds already realized in excess of the advance of Rs.21500 sanctioned in Government Order No.9829-23 dated 11th January 1901, for laying out the New Town of Robertsonpet. *S+*

Offg. President, Sanitary Board, Kolar Gold Field.

To

B. Ramaswamaiya Esquire, B.A., B.L.,

Offg. Secretary to the Government of Mysore,

Revenue department, Bangalore.

Sir,

With reference to your letter No. 3042/L.B.62-17-6 dated the 26th August 1918, I have the honour to inform you that the Executive Engineer, Sanitary Division, Bangalore, in his letter No. 1427 dated the 21st December 1918 states that details for the sum of Rs 18,196-11-5 incurred on laying out the new town of Robertsonpet could not be had although a thorough search was made for the same in the existing records.

2. As regards the disposal of the balance of the advance of Rs 2150 made by Government, it is learnt that no amount is outstanding in the accounts of the Public Works department and that the records of the Sanitary Engineer's office do not throw any further light.

3. The Executive Engineer, Sanitary Division, has asked the Comptroller to the Government of Mysore to furnish the information regarding the disposal of the balance to this office, if available.

4. I enclose herein a copy of the statement showing the descriptive extent and assessment of the lands comprised in the new town of Robertsonpet received from the Deputy Commissioner's office wherefrom it will be seen that 85 acres and 7 guntas of unassessed waste are included in the extension. The probable assessment that could be levied thereon

President, Sanitary Board,

Kolar Gold Field.

To

B. Ramaswamaiya Esquire, B.A., B.L.,

Secretary to the Government of Mysore,

Revenue Department, Bangalore.

S i r.

With reference to your letter No. R. 5868 L.B. 62-17 dated the 19th instant regarding the disposal of the balance of Rs. 21,500/- advanced by Government for laying out the new town of Robertsonpet, I have the honour to invite reference to my letter No. 625 dated the 12th February 1919, wherefrom it will be seen that the Sanitary Engineer had asked the Comptroller to give any available information regarding the disposal of the balance, to this Office.

2. As stated in my letter No. 199 dated the 20th August 1919, the Comptroller has requested the Executive Engineer, Sanitary Division, Bangalore, for information regarding the disposal of the balance.

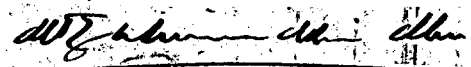

3. The actual expenditure incurred for laying out the new town of Robertsonpet was Rs. 20,107-5-5 as stated by the Executive Engineer, Sanitary Division, in his letter No. 530 dated the 1st May 1918 and as the balance was not utilized for the improvement of the Robertsonpet town, it was evidently not operated upon and lapsed to Government.

1. There does not appear to be any near prospect of obtaining information regarding the disposal of the balance either from the Comptroller to the Government of Mysore or from the Executive Engineer, Sanitary Division and I therefore request you to be so good as to obtain the sanction of Government for crediting the sale proceeds of sites of Robertsonpet in excess of the sum spent on the laying out of the new town, to the funds of the Board.

I have the honour to be,

Sir,

Your most obedient servant.

President

 Sanitary Board, Kolar Gold Field.

LKS.

Letter No. 1513 dated 6th October 1920 from the Executive Engineer, Kolar Division, to the Comptroller of Mysore, Bangalore.

Laying out a new town at Robertsonpet. D. No. 3704
R-11-20.

23571

In continuation of this office No. 1370 dated 8-9-1920. I have the honour to forward herewith a copy of letter No. 301 dated 27-9-1920 from the President, Sanitary Board, Kolar Gold Fields, stating that a sum of Rs. 28,836-7-9 realised by the sale of sites in the New Town, was credited in the Bowringpet Treasury. The fact of credit in the treasury accounts may be kindly got verified in your office.

The president who was requested also to state whether the advance for the realisations were not till now taken into the accounts of the Board states, in his letter referred to above, that no other information is forthcoming in his office.

The amount realised is evidently in excess of either the advance of Rs. 21,500/- originally sanctioned or the final outlay of Rs. 28,063-12-1 incurred on account of the work. How the excess of realisation over either the advance or the final outlay and not the unspent balance of any contribution that is stated to have been placed at the disposal of B.W.D. as per Comptroller's No. W.A.D.I 418 dated 29-9-19) has to be disposed of is a matter for decision between the Comptroller and the Government.

This will dispose of finally letter No. M. 1776 dated 16-8-20, (copy enclosed) from the Chief Engineer to the address of this office on the subject.

W. S. S. S.
Executive Engineer
Public Works

Letter No.381 dated 27/30-6-1903 from the Executive Engineer Kolar Division to the Superintending Engineer Eastern Circle Bangalore.

Superintending Engineer's Memo No.3105 dated 23rd instant forwarding supplemental reappropriation statement for major works under Provincial Funds for 1902-03 duly sanctioned.

It was the honour to bring to notice that an appropriation of Rs 8000/- has been granted for "Laying out new town at Kolar Gold Fields" under original Miscellaneous Public Improvements in the above but the work has hitherto been treated as a Civil Department work and the outlay on the same debited to that Department. It is requested to be informed if the outlay incurred during the year on the work viz Rs 7785-8-10 has to be transferred to "Original Works Miscellaneous Public Improvements" in the accounts for the current month. If this is done the total outlay on the work from the commencement will have been charged partly to Civil Department and partly to Miscellaneous Public Improvements. Early orders are solicited.
